### **What's Camp Trillium?**

Camp Trillium is more than just a camp. For thousands of families living with cancer across Ontario, we are a home away from home and the first opportunity to get away after the diagnosis. For 35 years, our specialized staff and volunteers have helped children and families heal by delivering a unique range of family focused recreational and camping programs year round.

### **Where is Camp Trillium located?**

Camp Trillium has two residential camps in southern Ontario. Our Island (Oddfellow and Rebekah) Island established in 1989 is located near Sandbanks Provincial Park, Picton. This camp operates May through October. Rainbow Lake established in 1998, is located in Waterford, Ontario. It is Camp Trillium's first year round site. Our Hamilton office is the base for province wide community and hospital programming.

### **Who comes to Camp Trillium?**

Camp Trillium provides programs for families living with cancer from diagnosis, through treatment and beyond. A supportive, positive environment embraces the entire family affected by cancer and campers continue to come to camp until the age of 17. Since 1984 have provided over 54,000 camping experiences. We are proud of our 1:1 volunteer to camper ratio; these special relationships help children grow by encouraging, modelling and teaching leadership, resiliency and development skills that last a lifetime.

### **How much does it cost to go to Camp Trillium?**

It costs \$1050 per week to send a child to Camp Trillium. \$150 a day to provide families living with cancer free camping and recreational programs throughout Ontario. All of our programs are paid for through donations. Financial gifts and funds raised by a supportive network of service clubs, corporations, foundations, and members of the community. Camp Trillium does not receive any ongoing government funding.

### **What do kids do at Camp Trillium?**

Camp Trillium campers participate in a wide variety of camp activities: swimming, sailing, kayaking, canoeing, drama programs, high ropes, nature programs, hiking, arts and crafts, bonfires, S'MORES and so much more. Our programs are packed with adventures that allow children to just be kids!

### **How can you help?**

As the number of campers grow your help becomes more important than ever. Camp Trillium is a registered charitable organization. We welcome financial donations and gifts, which will assist us in our pledge of not turning away campers living with cancer who want to participate in our programs. We are not only looking for financial gifts but gifts in kind. Camp Trillium generates a wish list each year which has items that range from camping equipment to canoes to camp vehicles to Band-Aids. We would not be able to run our camping programs without the incredible dedication and support of our volunteers. We are always looking for people to help out at our programs across the province, as well as for people to champion our fundraising efforts.
